

Support Muriel Kramer

Editor:

We support the re-election of Muriel Kramer to the Hopkinton Board of Selectmen. Three years ago when Muriel ran for her first term, her campaign slogan was "Bring Balance Back". She has definitely succeeded in doing just that. Muriel threw the doors of Town Government wide open, and many of us gratefully walked right in.

The keyword for her current campaign could very well be "Consensus". Muriel has the gifts of listening objectively to all points of view and articulating these without prejudice, thereby allowing consensus to be reached through active and respectful discussion.

Please vote for Muriel's re-election and let your voice continue to be heard.
