

## **Kohrts Endorse Kramer**

Muriel Kramer is one of the hardest working public officials in Hopkinton. She does her homework, attends a variety of committee meetings, stays abreast of what is going on in the whole town, and turns thoughtful preparation and research into action.

Muriel's leadership has been, and continues to be, a vital part of managing big changes in Hopkinton. She participated in the development of the Town Charter, and as Chair of the Board of Selectmen smoothly and effectively transitioned Hopkinton to a Town Manager form of government. Muriel led the Master Plan Update committee that defined and documented Hopkinton's goals and ambitions. She is now using that knowledge and experience, as well as her ability to get people to work together, to help guide negotiations with Boulder Capital that seek to provide mutual benefits for both Hopkinton and the Legacy Farms developers.

Muriel Kramer has been and will continue to actively work on reducing our taxes and increasing revenues; supporting a school system all citizens can be proud of; and preserving the positive, dynamic spirit of Hopkinton which brought us all here to begin with. She works to make sure everyone's voice is heard and that all points of view are treated fairly. Muriel Kramer is exactly the kind of person you want in the central position as a Selectman.

In our view, Muriel Kramer is the best candidate, with the experience, training and track record in town government to bring everyone together and keep Hopkinton moving forward.

Please, vote to re-elect Muriel Kramer on Monday, May 19th.
